Mr. Volker,

There are no public hearings or meetings planned by the Department until the project goes to the Planning Commission for either a decision or recommendation, after public review of the Draft Programmatic EIR. We did conduct a public scoping meeting in Boulevard, CA last month during the Notice of Preparation phase.

The local community planning group in which the project is proposed may place the project on their meeting agenda for future discussion throughout the processing of the project. Please contact Donna Tisdale, Chair of the Boulevard Community Planning Group at 619-766-4170 or tisdale.donna@gmail.com to be informed of any future discussion of this project at their meetings. I will place you on our notification list for public review of the Draft PEIR when it becomes available, as well future hearings.

Please let me know if you have any additional questions.

Thanks,

Subject: Question re: Soitec Solar Development PEIR

Mr. Hingtgen,

I am writing on behalf of a number of interested San Diego County residents to ask whether there will be a public hearing or meeting on the Soitec Solar Development Project (including the Tierra Del Sol, Rugged Solar, LandWest and LanEast projects) before the Draft EIR is prepared. Please let me know as soon as you can.

Thank you much,

Jamey Volker
